Lawnmower

The lawnmower is a machine used to cut grass in the yard.

Example : Lawnmowers can be electric, gas-powered, or manual.

Oil

Motor oil keeps your car's engine running smoothly. Oil should be changed every 6000 kilometers.

Paint

Paint is useful for refreshing the look of rooms and furniture.

Example : Store unused portions in the garage.

Shelving

Wooden or metal shelving is useful for storing things in the garage.
It keeps things neat and organized.

Snow shovel

Use the snow shovel to clear the drive way and side walk of snow in the winter. A good snow shovel has a straight, wide scoop and a strong handle. To help snow come off the scoop, spray the scoop with cooking spray.

Tool box

A tool box contains many compartments for organizing tools and hardware. Keep the tool box handy for all sorts of jobs around the house.

Tools

Invest in a good set of tools for doing all kinds of tasks around the house. Useful tools include the following items:

Keep your tools organized in a tool box.

Water hose

A water hose is useful for cleaning and gardening projects around the yard. Keep the hose coiled on a large hook near a water spout.

Wheel barrow

A good wheel barrow will save your back from extensive trauma when you garden.

Workbench

Use the workbench for storing tools and hardware, and for doing small projects.

Windshield washer fluid

Keep your car's windshield washer fluid topped up so you will have a clean windshield whatever the weather or insect population.
